Wartime Bomber Ends Visit to City

GLOBE-TROTTING crew of the RAF Lincoln Bomber, Mercury II, bids farewell to Wing Commander D. Gooderham (centre) of the Edmonton RCAF station. Preparing to take off on the journey to Goose Bay, Labrador.

Widespread Forest Fires Again Threaten Alberta

SOVIET ASKS EARLY PEACE TREATY TALKS

PARIS, June 10.—(AP)—Russia today called for a new big-four conference within three months to draft a German peace treaty, French sources said.

Foreign Minister Vishinski of Russia proposed that all four powers occupying Germany agree to withdraw all their troops one year after a German peace treaty is signed.

The proposal came in a meeting in which the ministers of Britain, France, Russia and the United States sought to salvage something from the clutter of disagreements in their talks on Germany's future.

Airlines Hotel Plans \$150,000 Extension

Extension to the Airlines Hotel near the City Airport, costing up to \$150,000, is planned by owner Robert K. Keay.

Mayor Harry D. Ainlay said Mr. Kashower seeks permission to extend the hotel westward on the property.

On the south side of the building, he has been given a permit to add 100,000 square feet, Mayor Ainlay said.

Permission for extensions and additions will have to be obtained from the Provincial Department of Transport, which has control over property on which the hotel is situated.

Mr. Kashower, in an early start to his expansion program once permission is obtained.

NEED GOVT OKAY

In addition, Mr. Kashower wants permission to erect a new cabin adjacent to the hotel which would be served from the hotel property.

On the north side of the building, he has been given a permit to add 100,000 square feet, Mayor Ainlay said.

Permission for extensions and additions will have to be obtained from the Provincial Department of Transport, which has control over property on which the hotel is situated.

Mr. Kashower, in an early start to his expansion program once permission is obtained.

New Homes

Reach 1,348

New houses completed or under construction in Edmonton since Jan. 1 number 1,348, city building department officials revealed today.

Home construction has an estimated value of \$8,838,400.

Since Jan. 1, permits have been issued for 180 new homes having a total value of \$633,950.

Edmonton's building program is proceeding at almost double last year's pace.

Commercial work, \$460,000 worth, is ready to complete or is under construction at the present time.

Newman Dies

TORONTO, June 10.—(CP)—G. Wilfred Bowles, veteran newspaper man on the staff of the Toronto Telegram, died at his home yesterday.

By the Staff

DOES TO SCHOOL

Educational problems in rural school districts will receive the attention of Hon. Ivan Casey, minister of education, at the annual rural school divisions this week. Mr. Casey will meet trustees at Stony Plain, Cochrane, and Leduc, and will go to Two Hills Saturday to confer with school trustees there.

PLAN DISPLAY

Thousands of men and others attending the Canadian National Exhibition this summer will learn of Alberta's industrial prospects by means of exhibits to be shown at the fair. Ed. Bryant, provincial government publicity director, left Edmonton yesterday for the exhibition where he will arrange with exhibition officials for displaying Alberta products. Mr. Bryant will also attend the International Trade Fair conference at Toronto.

OPENS MEET

Major General M. H. S. Penhale, general manager of Western Command, will officially open Canadian Legion convention at Banff Sunday at 8 p.m. The Rev. A. T. Hobson, former General Penhale will be present at the Legion "masquerade" in front of the canteen, kept in full swing Sunday.

INSURANCE PARTY

George Haigstein, leading city insurance man, is off to Minot, N.D., to attend convention of Great Western Life Assurance Company. Others in his party include M. N. Lewis and C. L. Wright of Grande Prairie, A. G. Smith of Stettler, C. G. Stinson, Vernon, F. E. Briscoe, G. W. Warry, W. W. Winteringham, W. J. Mohar, Bob Shattock, W. J. McLean, Bob Strother and R. A. Gibson of Allianc all bound for the meetings.

GOING TO U.K.

Ralph Manning Rockwood, University of Alberta graduate will study for his master's degree in economics at the School of Economics, University of London, England. Mr. Rockwood spent two years in England during the war as a flying officer with the RCAF.

BUSY WEEK-END

Double order of conventions will keep Hon. Dr. J. L. Robinson, minister of industries and labour, busy this weekend. Dr. Robinson will address the convention of Credit Unions at Calgary tomorrow, and will represent provincial government at the Canadian Legion convention at Banff on Sunday.

ELECTION POT

Major political interest in the forthcoming federal election spread to top-level provincial government circles today. Hon. Dr. J. L. Robinson, Alberta premier, left Edmonton for Boyle and Athabasca where he will address meetings in behalf of the Social Credit candidates. Mr. Manning, accompanied by executive secretary, A. D. Eddy, will return to Edmonton tomorrow.

AT CONVENTION

City Commissioner D. B. Menzies, transit superintendent Thomas Ferrier and Assistant ETS supervisor, Mr. J. C. Macleod have left for Eastern Canada. They will attend a meeting in Toronto of the Canadian Bus Association where common problems of modern city transportation will be discussed.

Auto 'Tag' Costs Youths Licenses, Fines

Cutting corners on the highway cost two city youths \$100 each six months ago. Both drivers' licenses were suspended by police court here today. Robert Davison, 18, and Harold Vipond, 19, both of Jasper Avenue, were convicted of driving under the influence of alcohol. The youths, driving an automobile and a truck, respectively, were passing salt, arresting constable George Watson. Severe reprimand was given the youths by Magistrate A. J. Millar for their "very foolish stunt."

COSTUME DESIGNER Glenna Garrett, looking for all-the-world like Marie Antoinette, smiles a 20th century smile as her mother, Mrs. Ida Garrett, puts finishing touches on one of many hundreds of costumes gracing their 109 street costume parlor. Most girls prefer "old-fashioned" gowns for masquerades, says Mr. Garrett. —Photo by Blane.

Part-Time Pirates Prefer Long Pants, Shun Silk Sox

U. STUDENT WINNER OF UN INTERNESHIP

A 20-year-old student from University of Alberta is one of four Canadians selected to attend a United Nations internship course at Lake Success, N.Y., this summer.

Douglas Sherbanuk, fourth year honors language student from Vegreville, will be one of 35 students from U.N. countries who will work with U.N. staff members at Lake Success from July 11 to September 2.

Four Canadian students, chosen from hundreds of applicants, were invited to Lake Success officials for final approval by a United Nations Intern Selection Committee at Ottawa.

Under internship plan students will work on economic, social and trusteeship problems and take part in a lecture series on U.N. organization.

Internships are provided by the funds contributed by Rotaract International and United Nations.

Son of Mr. and Mrs. D. Sherbanuk of Vegreville, Mr. Sherbanuk attended public and high schools in Vegreville. He entered university in 1946 and obtained a first class honours modern languages this spring and will begin his graduation year next September.

Eskimo Dies on Plane As 3 Brought to City

One man is dead and two women are in Charles Camrell hospital here today following a spectacular race against time from Cambridge Bay deep in the Arctic Circle.

RCAF 435 Transport Squadron, on a routine flight to Stewart, Dorado Mining Company carried them south from their small community on the Arctic rim.

The tiny Eskimo village of Cambridge Bay, 1,100 miles northeast of Edmonton, on Victoria Island, was recently ravaged by a "flu" epidemic which took 20 lives and left 36 Eskimos in hospital.

Name of the man, and those of two women patients, have not been confirmed at this time.

MARY DIED AGAIN — The man, presumed to be about 65 years old, died two hours after the transport left Sawmill. Two women patients, one about 50 and the other 15, were able to eat breakfast at 9 a.m. Thursday morning, on board the plane.

Eldest of the two patients has not been diagnosed, but officials said they have symptoms of lung trouble.

Eldorado mercy plane left Cambridge Bay Monday morning. The Eskimos were treated at the RCAF base, and were soon joined by the huge Dakota transport arrived.

Members of the crew said the man who died "died dead" when taken aboard the plane.

END OF AN 1,100-MILE mercy flight by RCAF 435 Transport Squadron ended at Edmonton airport Thursday when two Eskimo women were rushed to Charles Camrell hospital. One man was dead on arrival. Cause of death is unknown. Eldorado Mining company plane rushed Eskimos from Cambridge Bay, Victoria Island, to Sawmill where RCAF picked them up 8:30 a.m. Thursday morning.

Strike Averted At Last Minute

Agreement Signed Half-Hour Before Strike Deadline Due

Labor strike which threatened to paralyze operations in the Swansea Lumber camp at Grande Cache in Northern Alberta, was averted late yesterday.

Half an hour before strike deadline management and representatives of the Woodmen of the World, International Union of America signed a wage agreement.

WAGE INCREASE

The agreement provides an increase of five cents an hour over all existing wage rates, effective April 1.

It also provides for a probationary period of 12 weeks, and a probationary period of 26 working days. The new contract will expire Jan. 23, 1950.

Hon. Dr. J. L. Robinson, minister of industries and labor, said the success of mediation of the third strike at Grande Cache, Dickson, labor relations office for the department was an "excellent piece of work."

N. Buchanan
City UN Head

Nelles V. Buchanan, KC, is new president of United Nations Association.

Other officers elected at a recent meeting in McDougall church are vice-president, Dr. Walter Johnson; treasurer, F. W. McLean; and secretary, Miss Edith Martin, and H. A. Dyke, KC, corresponding secretary.

Elected to membership committee were L. Y. Cairns, KC, president; A. D. McTavish, Mrs. K. A. McTavish, and Mrs. G. McTavish. On program committee are A. S. Tweedie, convenor; Leonard G. Mrs. Brie, Pirie, Mrs. W. P. Bowes, and Mrs. Bowes.

In charge of publications are: W. Chinnar, Mrs. Gladys Esham, Miss Imrie, Rev. R. S. Faulks, Rev. F. D. McLean, R. W. Heffer, and Miss A. D. McLean.

Re-elected to audit committee, R. A. Tweddle, Dr. Warren M. Memorial Gold Medal Household Economics.

Meetings were addressed by: W. MacLean, whose home is in Belmont Arm, B.C., graduated in household economics from University of Alberta this spring. She obtained a gold medal in May and was awarded Warren M. Memorial Gold Medal in Household Economics.

Asbestos Firms Study Strike End

Proposals Are Submitted By Employees After Parley

QUEBEC, June 10.—(CP)—Three Thetford Mines asbestos companies today are considering strike-settlement proposals submitted by 2,000 striking employees following a mass meeting at Thetford mines Wednesday.

Gerard Pilon, president of the Canadian Congress of Labour, announced last night that talks are "proceeding" between the companies, but he added that there probably would be no developments until Monday.

The companies negotiating are the Asbestos Corporation, Johnson Mines and Flincko Limited which employed about 2,000 men at 500 works on strike since Feb. 13.

The workers walked out for a 15-cent-an-hour wage increase, failing the basic pay to \$1.

WILL ACCEPT 10 CENTS

Pilon said the workers now are willing to return to work for a 10-cent-an-hour increase. This is contained in the union counter-proposal now in the hands of the companies.

He also said the non-discrimination clause proposed by the union in all settlement proposals to date would remain. This means the provincial government to withdraw its charges against strikers.

He said the relations between the firm and the union should not be affected by legal procedures now before the courts. As far as the action goes concerned, he said, "we are ready to debate them openly in court."

PROPOSAL PINTS

Pilon said the joint proposal submitted by the companies contains three main points:

1. Immediate return to work by the strikers.

2. No discrimination against strikers except in the case of the alleged assault of Lionel Pilon, company superintendent, persons involved in a dynamic labour situation—delegates and any striker found guilty before the courts in connection with the asbestos strike.

3. Dismissal of all legal proceedings after the men return to work and arbitration procedures according to the (labor relations) law if necessary.

In its counter-proposal, identical to the proposal adopted in the settlement with the Asbestos Corporation, at Riviére-de-Tingwick, the union asks for re-engagement of all strikers without discrimination and private arbitration before settling on both parties.

Crash Kills Two

SHERIFF REPORT. La., June 10.—(CP)—Two air force officers were killed and a third critically injured when their plane, which had exploded and burned yesterday after crashing in an alfalfa field. The jet bomber, a B-47, crashed while on a bombing mission to a target in the United States border area. He was 22 years old in Canada in 1947 and worked on farms in the Lethbridge, Alta., and Siette, Alta., districts before he became ill.

The two officers were killed in the explosion.

There were nine 913 licensed tourist resorts in British Columbia.

COTTON ON PRAIRIES SPROUTS INCH HIGH

MEDICINE HAT, Alta., June 10.—(CP)—Farmers soon may be "tattin' them bales" from more than the localities in Alberta and Saskatchewan.

S. P. Scott, chairman of the Alberta Development Committee, confirmed yesterday that the cotton industry being established in western Canada.

Scott said last night that young cotton sprouts now are about four inches high.

The sprouts are growing on a half-acre experimental plot—largest of a series of such plots scattered over the prairie provinces and southern Alberta.

Mr. Scott said the cotton seed outkasts of Calgary.

PCs To Restore Board Control To Producers

RED DEER, Alta., June 10.—(CP)—The PCs Progressives Conservative government will retain control of the wheel board, former leader John Bracken, former national leader of the party met in an address at a political meeting here.

He said his party would give farmers the choice of marketing their own eggs and barley with the Wheat Board or with whatever other market they chose.

Mr. Bracken charged the Wheat Board has been forcing the Canadian farmer to bear losses due to transactions made by the Liberal government with Britain.

In the 15th century, there were special cramps supposed to ward off stomach cramps.

TWIN WATERMELONS SURPRISE GROWER

MEMPHIS, Tenn., June 10.—(UP)—Ed Walker of nearby Water Valley, Miss., ships 17,000 to 20,000 watermelons a year to market.

But nothing staggered him like the growth of Siamese twin watermelons.

The big, bouncing twins weighed 65 pounds.

NHL TIE-UP FOR LEAFS

The Maple Leaf Athletic Club is about to tie up with some team professionals.

Leaf president Stan Ward indicated as much at a press conference yesterday. "We are now expecting to announce a promising proposition for minor hockey," he said.

To everyone knows the Leafs sponsor minor hockey teams (20 at the last census) that the other 10 franchises have in their combined. And up till now they've been doing it on a shoestring.

"It's a good proposition," Ward mentioned can only mean that some professional organization with extra cash will arrange to supply the apparatus to the Leafs. The pros will supply the money and the Leafs will produce the players.

All of which would make Maple Leafs a farm club "belonging" to another league out there.

Time will tell if the pros could have safely wagered a deuce on Cleveland Barons of the American Hockey League, better than the organization most likely to take the Leafs under its wing.

Two more days are gone forever. Right now the Leafs would like nothing better than to have won with a team in the National Hockey League.

MCDAULEY FOR COACH

Ward was more definite on other aspects of the Maple Leaf picture. For one thing, Ken McDauley, who has been coaching what junior A hockeyists Leafs send into action next winter. Also, Jim Christian is in pretty solid with the leafs and will be kept to do nothing to the club even if the big league proposition goes through.

And speaking of Mr. Christian, he has been talking to Al Anderson of the EAC about him coming in for strong refutation by Ted Allard, Leaf secretary manager.

Anderson is said to have stated that the reason Edmonton didn't enter the EAC was because the Junior Hockey League was because Christiansen wouldn't sponsor the team if the name of his Waterloo product was on the player's uniforms. Anderson claimed the EAC could not afford to pay him.

Said Allard last night: "That is not true. EAC have a case of some kind, but I don't know what it is. They haven't got a sponsor of Mr. Christiansen's financial standing."

It shaped up as a nice cosy weekend for the Leafs and EAC hurling the kind of retorts at each other.

THREE DOT STUFF . . .

Dick Lowe, former junior Nights, is back again, this time hurling baseball for Medford (Oregon) of the Far Western League, it is home.

The young right-hander is likely to join Edmonton Eskimos. This spring Lowe had minor assignments with Montreal, and figures he could be a champion armchair.

Instead, Roth is probably the only one in the city to join a non-league baseball club.

He and his wife, mother of three, Mrs. Vera Lowe of Nanawap, Lowe first attracted notice in July 1947 when he attended the Dodgeball World Series at Park, Newark, N.J. Howard Isaac, Brooklyn scout, signed him to a contract in organized baseball later that year.

Ted Tupper (rhymes with cap) a fine ball from Seattle, is also reported on his way to the Eskimos . . . He is a six-foot-three specimen with throw-left, right-handed, and a good pitcher or a good team as a whole.

He knows who plays best right and who in general who comes through with a hit most often when there are men on base, and draws the plaudits of his coach, who often strikes out the number of times a lead-off hitter reaches first base.

Terry Ducey, umpire, reports that the recent Lloydminster baseball tournaments were well run financially and competitively . . . Profits from the two-day show were \$1,000 by a wide piece. Ducey also had good news about the officiating of Harry Green, who's his partner in crime at Lloydminster. "He's real good boy," said J. D. . .

Mixed Tourney

Men's lawn bowling club will hold a mixed tournament Saturday starting at 2 p.m. and entries by rink. Individuals will be accepted on the basis of handicap. Play will consist of four round games, two in the afternoon and two in the evening. Visitors are welcome.

ENOS SLAUGHTER TEES OFF

Cardinals Are Peeved At Lanier's Tactics

NEW YORK, June 10—(AP)— As far as St. Louis Cardinals are concerned, those former players Max Lanier, should be "locked to death" to rejoin the club on time.

A survey by Bob Brose of the St. Louis Post-Dispatch revealed that former players like Max Lanier, should be "locked to death" to rejoin the club on time.

ALL ALONE AND LONELY in midst of worst batting slump in his career is New York Giants' infielder Johnny Mize. He's pictured here sitting out Wednesday's game against Cincinnati. Although he got in as pinch hitter his slump stayed with him. He filed out.

Singer Ace Jim Milne Is 'Best in the West'

THIS HOLE-IN-ONE DREAM CAME TRUE

SASKATOON, June 10—(CP)— Who says dreams never come true? Not Mrs. Ted Rutledge of the Saskatoon Golf and Country club, for one.

In a dream Wednesday night, she scored a hole-in-one. That's just what she did yesterday on the 134-yard No. 2 hole of her home course while playing with Mrs. A. J. Trotter and Mrs. Alie Wilson.

Here's the story as told by the members of her foursome:

"While walking off the first green, Mrs. Rutledge said she had a 'terrible dream.' She had scored an ace on the No. 2 hole with an old, split ball, which was her pet hole-in-one hole, and when the manufacturer put it to her it was in a silver stand, she didn't know what to do."

After giving this information to her partner and opponents, she stepped onto the tee with a No. 5 iron, smacked the old, split ball, saw it land on the green and roll into the cup."

Canuck Statistician Keeps Tab on Dodgers

BROOKLYN, N.Y., June 10—(CP)— Allan Roth of Montreal, facts-and-figures man for Brooklyn Dodgers, baseball manager.

This spring Roth had minor assignments with the Eskimos . . . He could be a champion armchair statistician.

Roth watches all the Dodgers' games from a seat behind home plate. He counts all the pitches thrown, where they hit, how the fielder plays the ball, etc.

Born in Canada, Sask., Milne first attracted notice in Jan. 1947 when he attended the Dodgeball World Series at Park, Newark, N.J. He was signed to a contract in organized baseball later that year.

Ted Tupper (rhymes with cap) a fine ball from Seattle, is also reported on his way to the Eskimos . . . He is a six-foot-three specimen with throw-left, right-handed, and a good pitcher or a good team as a whole.

He knows who plays best right and who in general who comes through with a hit most often when there are men on base, and draws the plaudits of his coach, who often strikes out the number of times a lead-off hitter reaches first base.

Terry Ducey, umpire, reports that the recent Lloydminster baseball tournaments were well run financially and competitively . . . Profits from the two-day show were \$1,000 by a wide piece. Ducey also had good news about the officiating of Harry Green, who's his partner in crime at Lloydminster. "He's real good boy," said J. D. . .

Rosedale Triumphs

Rosedale thumped Central 20-7 in a Juvenile Community Baseball League encounter played last night at Rosedale.

An atom of uranium has a diameter of one hundred millionths of an inch.

INVERCHAPEL HURTS COLLISION

GLASGOW, June 10.—(AP)— Lord and Lady Inverchapel are injured yesterday after a collision of their car with a wagon pulled by a mule.

All four records were made available to the public.

Play will consist of four round games, two in the afternoon and two in the evening. Visitors are welcome.

Kortgard Big Lift For Eskimos

Call it what you want but since Ecker Ross Kortgard joined Edmonton Eskimos last Saturday the men of Ralph Morgan have been hitting like mad. They have won five in a row and they can't do much better than that.

Tomorrow they are in Calgary to meet Buffaloes in the first game of a week-end series. Clarence McElroy, the Oregon schoolmaster, will be looking for Eks in the series opener.

Back here in town it will be Cuban against Indians. The team-leading junior Bruce has not been faring too well and currently are packing a three-game losing streak. The Indians, however, certain they have been plagued by bad luck, feel they can come out on top down the stretch tonight when they square off against the (Deacon) Peterson's outfit from the south.

Successive games in the series will be played Saturday afternoon (4:30 p.m.) and evening and Sunday afternoon. Saturday game at 2:30 p.m., while Sunday's action starts at 3:00 p.m.

ATTEMPTING TO STRETCH a single into a double at Ebbets Field, Johnny Hopp goes in the hard way, sliding on his stomach. Right-fielder Carl Furillo has the ball in Pee Wee Reese's glove, however, and the Brooklyn shortstop simply waits for the Pirates' pinch-hitter to tag himself.

CONNIE MACK
... Luckiest guy

Connie Mack Does it Again

CHICAGO, June 10—(AP)—The American league agrees today that baseball's Connie Mack is "the luckiest guy in the game."

He may have had luck, but he's had good luck too.

The latest exhibit is rookie pitcher Alex Kellner, hottest mound aces of the year.

The 24-year-old Kellner has won seven times for Philadelphia Athletics, three from the Negro League, three from the New York Yankees. He's lost three and has appeared in a total of 12 contests.

His latest triumph Wednesday over Chicago White Sox pulled Philadelphia from fifth to third place in the American.

Kellner, Lou Brissale and Joe Coleman are the only three men Mack's mound staff. These three are credited with 17 of 26 victories this year.

At the All-Star start, Kellner didn't figure to stick long with Philadelphia. Mack took a chance, pulled Kellner off his relief shelf and convinced him to start.

Solinger Paces Westmount Win

Bob Solinger, Cleveland Barons hockey star, was baseball top yesterday, leading the Westmount team to a 7-4 victory over Ukrainian Canadian Canucks in Senior B play at Clarke Stadium.

Score was deadlocked 4-4 in the last of the ninth inning when Solinger stepped up to the ball game. He slammed a triple into left field to drive in two runs and give Westmount a 7-4 edge.

Win was Westmount's second of the season and moved them into fifth place, a game ahead of the Canucks.

Canucks 4, **Westmount** 7, 7-4.
Melville (Sask.) and **Berry**, Barrie and Brant.

W. L. Pet. G.

High single: Mrs. V. Foster, Flamborough; 200; high triple: H. Hansen, Brantford; 200; best home run: 200; best pitcher: Edwards, Champaign.

Harlequins Meet Sportsmen Saturday

Harlequins take on Spottsmen in an Edmonton Cricket league game Saturday afternoon, the local sportsmen's meeting date to coincide with the intercity matches against Calgary.

Edmonton club and RCAF

league Sunday.

Line-up of Harlequins and Spottsmen for their game at 2:30 o'clock tomorrow at a selected pitch will be chosen from the following:

Harlequins: Bowes, Campbell, P.

J. Edwards, A. F. Steele, B. Jones.

H. Milburn, J. Blaikie, A. Brown, H. D. McLean, D. McLean, G. G. Grant.

D. Deane, S. Fielden.

Spottsmen: K. Fraser, D. McLean, G. Powell, G. Scott, H. Cummings, J. McIntosh, K. Givens, J. Moffatt.

70-Game-Lineup Reaction Varied

By Trevor Iceton

TORONTO, June 10—(CP)—Sportswriters have had about a week to digest the news of the new 70-game schedule for the Ontario Hockey league next season. Reaction to the 10-game increases varied.

For example, Dan Kitchener, Waterloo Record, figured the added contests won't benefit the players.

"The players probably will get more rest, but they'll burn themselves out much faster," he said.

He doesn't think the move will improve the standard of NHL play either, because the puck-speed game is not the best fit for 70 games and won't be able to "give us best at all times."

The situation with the few NHL players quoted one as saying: "It's getting too many years. I used to get a lot of fun out of the game, but now I have to be serious all the time." Old Mr. D. injury is right.

Manager Casper Starnes of the Yankees said the fielder hurt his left knee during a slide in Wednesday night's Yankee-Tiger game.

Hennrich's knew it was stiff yesterday morning as he was seen sitting on the bench.

Starnes said he will probably bench Hendrich today to give him a chance to get back in shape.

On the other hand, Doug Windsor, Star, Vaughan, questioning the new schedule, figured that "while many teams will be too tired to play maximum peak condition, they like to meet challenges and get near the boards because of the style of hockey being played to the brighter side."

On the other hand, Doug Windsor, Star, Vaughan, questioning the new schedule, figured that "while many teams will be too tired to play maximum peak condition, they like to meet challenges and get near the boards because of the style of hockey being played to the brighter side."

For the extra wear and tear on the players, Vaughan notes that "the number of players a team can afford to have on the ice has been increased from 16 to 17, excluding the goalie and the linesman."

Hendrich, Lou Brissale and Joe Coleman are the only three men Mack's mound staff. These three are credited with 17 of 26 victories this year.

ALL THAT GLITTERS Trim Soccерites All-Stars

MONTRÉAL, June 10—(CP)—

The touring Scottish international football team scored its second victory in as many nights by defeating eastern Canada All-Stars 5-2 last night before a crowd of about 10,000.

The Scots blanked the Ontario All-Stars 2-0 Wednesday night in Toronto.

Visitors' attack was paced by a dozen players who were buried at half-time.

By the time two-thirds of the starting field of 16 was in, half a dozen players were buried at half-time.

Bobby Cruickshank, the indestructible Scot from Pittsburgh, was the star of the show, but it were Lew Worham of Oakmont, Pa., the 1947 champion, and Jim Turner of Monroeville, N.Y.; Johnny Palmer of Badin, N.C.; Pete Cooper of Port Perry, Beach, Ontario, and Tom Smith and Horton Smith, the 40-year-old veterans from Kansas City.

Leading amateurs were Robert

W. Thompson of Toledo, Ohio,

John Dunn of Monroeville, Pa., and Jim McHale of Overbrook, Pa.

They shared 72s with big Clayton

and the Chippewa's Tom Smith and

Horton Smith, the 40-year-old veterans from Detroit.

South Sides

To Visit Leduc

Manager Marvin Miller of the South Side junior baseball team announced that the club will travel to Leduc Saturday to play the Leduc team.

The South Sides are undefeated in seven Junior Baseball games.

Miller hopes to have the team

make a good showing in the tournament.

On Sunday afternoon at 1 o'clock

the same two teams will play again.

TWO RIVAL Factions of the International Longshoremen's Association mix it up in a battle royal in the street in front of the union's New York headquarters, with police trying to quell the riot. A Brooklyn local had been picketing the building, charging ILA president Joseph P. Ryan had fostered discrimination against Negroes. Soon after Ryan's "loyal" anti-pickets assembled, the fight started.

New Treatment Success On Usually Fatal Polio

ATLANTIC CITY, N.J., June 10.—(UP)—A successful technique for the treatment of patients with bulbar poliomyelitis—usually a fatal type of polio—was reported today by the American Medical Association.

The treatment, based on a new concept of what causes the fatal complications was reported by Drs. Thomas C. Galloway, of Evanston, Ill., and Martin H. Seifert, of Wilmette, Ill., who both are on the staffs of the Northwestern University Medical School and Evanston Hospital.

DROWNS SELF

In bulbar polio, the patient usually drowns in his own fluids, as the muscles of breathing are paralyzed because his swallowing mechanism is paralyzed.

As a result, the patient's supply of oxygen is cut off and he suffers what is known as anoxia, a condi-

tion that leads to death. The Illinois doctors believe the accidental obstruction and anoxia are more important than the actual paralysis of the polio virus on the central nervous system.

In a new technique, accumulated fluid is removed from the bulbar patient by a suction device placed in the cheek. In some cases, a small slit is made in windpipe to allow inflated balloon to pass the obstruction and perform the procedure.

Through use of this technique, the doctors said, some bulbar patients also may use the respiration or "iron lung" type of respirator.

A physician, they said, trained in the recognition and treatment of such obstructions, is an essential member of the polio team.

Centenarian Dies

LONG BEACH, Calif., June 10.—(AP)—A spry great-great-grandmother of the New York stage before the civil war, died yesterday. She was 100 years old.

She became her father's dancing partner at the age of 10. They performed in New York theaters for several years.

A physician, they said, trained in the recognition and treatment of such obstructions, is an essential member of the polio team.

GOOD CO-OPERATION

"Our favorable results in the same region during the same time could hardly be explained by change in climate or in the severity of the disease," they said.

They also attributed the good results to the close co-operation from the outset between other clinicians and early hospitalization.

A physician, they said, trained in the recognition and treatment of such obstructions, is an essential member of the polio team.

STRAINS OF SCHUMANN'S Concerto in A Minor lull men to a brief forgetfulness of their noisy open-air existence on grounds of Edmonton Park Lane. Scores of men and women gather to read, knit, sleep or sun in brief escape from turmoil of business day. Music in-

duces air of relaxed contentment over entire grounds during the concert from 12 to 1:30 p.m. Programs include symphony, piano and violin concertos, waltzes and songs from the operas.

ANNOUNCING musical selections played at concert is Theresa Turgeon, assistant to music director, in her dressing room. Music is fed from music room of Harry Alexander's house over entire library grounds. Mr. Alexander chooses his programs with care, aiming to please as many as possible. Daily concerts started June 3 and will continue as long as warm weather lasts. —Photos by Blund.

Carnival Noise Protest Aired Before Aldermen

It's hard to hold a carnival without noise, and it's hard to live near one too. That's what a group of people living in the vicinity of a carnival are running continuously throughout the summer.

These are general conclusions reached by members of city council bylaws committee at a meeting yesterday.

Before committee appeared a delegation representing residents of the vicinity of 97 street and Jasper avenue where carnivals have

been permitted to operate for the past two or three years.

PERFECT NUISANCE

"It's a perfect nuisance. There was a row right on our doorstep the other night. Nobody can sleep when they have been up all night," said a woman delegate.

E. B. Wilson, appearing for the owner of the property, denied the charge and said he made much noise and suggested that street cars caused most of the din.

He also said the carnival is in

a business block and there would be no apartment residents to kick about the noise.

Committee members agreed the noise is a nuisance and also agreed the only solution is to find a permanent site some distance from homes and apartments.

GRIM AND BEAR

Wilson also advised the protesting delegation to "grin and bear it for the rest of the summer."

In the meantime, the city will make efforts to find a new location.

Edmontonians are asked that carnivals be adequately policed so no noise and disturbances are held to a minimum, was passed.

City Council has instructed the police to find a new location for next year.

Several city charitable, athletic and veterans' organizations have been staging the carnivals.

Agriculture, including stock raising and horticulture, is the most important single industry of Canada.

All-Night Gas Station Gets Committee Okay

LUCKY, EH?

Dog Owners Get 'Break' On Tag Fine

Quite a few Edmonton dog owners will be getting a break in the amount of money they have to pay for tags.

The new tags will go before council Monday for final decision.

Under terms of the amendment owners who have dogs running at large may either pay one-cent "break" fine in the police station or go to the pound where they desire to pay guilty.

Under the tag system court costs of \$4.00 will be eliminated.

Richard Hanes felt that

some "innocent" dogs will suffer under the amended law but

he believes the new rules will

make things easier for them.

Mr. Hanes took his protest before the city commissioners in an effort to get away.

City commissioners reported the prospects are "very good" for the new tags and that the tags will be taken into the inner zone, qualifying for city road maintenance.

It is also believed that the streets and four avenues will be serviced with sewer and water year.

Athabasca Won't Get Increased School Grants

Educational grants to the Athabasca school division will not be increased, according to W. R. May, minister of education said today.

Arbitration board considering a wages dispute between teachers of the division and the school board "strongly recommended" an increase in government grants to aid in meeting increased salaries awarded by the arbitration board.

"Okanagan grants are not yet up to date," Mr. May said today. "Consequently it is now proposed to change the grant formula as a result."

The school division received grants totaling \$177,000 last year.

Mr. May told of his recent trip to the Orient while planning the new service.

He explained that prairie com-

SHOPPING GUIDE

New Leaf-Shaped Pottery Dishes Here

By Bee Thrift

The California pottery makers are busy as beavers these sunshiny days.

And our Canadian embargo business is relieved to the extent that we are allowed to import some of these pottery goods.

A carload of the pretties arrived just this week and are gracing the city shops.

Favorite for hostesses who love to entertain, infections (if ever you have had one) are the latest in the love of leaf-shaped dishes in a panoply of nature's colors.

Leaf-shaped plates are shaped like leafy green leaves and sell at \$1.45 apiece. There are cloud gray, sunburst pinks, newleaf greens.

The large salad bowls come complete with matching flat and saucer forms and sell at \$6.50 apiece.

Another wonderful thimble for butter supports a leaf-shaped plate, green for grass, and saucer in matching or contrasting color. These of the same set sell individually at \$2.25 per pair.

The large teapot follows the leaf pattern along with the saucer and sugar bowl.

With the color removed it just sell at \$5.50.

Another matter of fact, there is some reason for this. Consumers bought large supplies of the leaf-shaped plates and bowls and these were placed on them... ergo... they're still using the colorful butter substitutes.

By the bye... I hope you've seen the leaf-shaped butter in the price of margarine before.

With the color removed it just sell at \$1.50.

Another matter of fact, there is some reason for this. Consumers bought large supplies of the leaf-shaped plates and bowls and these were placed on them... ergo... they're still using the colorful butter substitutes.

Sales are expected to pick up with the drop in price and as old supplies are used up.

Bright, colorful leafy frocks are now at a terrific bargain price of \$3.50. Some are watermelon pink, sunshiny yellow or sky blue. They're pert fashion-wise and cool as a bubbling brook.

These graceful, lovely blue swans that skip across your

DOROTHY DIX SAYS

Widow Has Right To Marry Again

DEAR MISS DIX: I could cheerfully have slapped the younger generation when my son, who has just reached the age of wanting to break Mother's arms, said to me: "Mama, if you would get married again, we would be happy." Some new teeth, you are still a good enough looking dame to get yourself a man.

Up to that time the kid would have had a fit if I had even looked at a man. But I am a widow and father for him. Anyway, it set me thinking that if young men need wives, perhaps middle-aged mothers need husbands.

What do you think?

Z. M. D.
ANSWER: Out of the mouths of babes and sucklings comes the most plausible problems on earth. She has to have the softness of a mother and the firmness of a father in dealing with her son.

Now, no one is a slob who tells his wife to give them every possible advantage. She has to be possessive of all of her own personal tastes and desired to tease her son.

And it never occurs to the young man that he needs a perfectly nautical time sealant base or that she might purchase like a little life of her own.

It is one of those card players who thinks that pinhole is a better game than bridge, and that a little pinhole works well on a bridge hand too.

That's right, and the first thing that caught his eye was the queen of spades — so he immediately thought for the joker of diamonds. That's right, and the second time he ends it with a song that is becoming quite popular now, "It's a Wonderful World."

For the record, Noland was the same in "All in Fun," gave Bruce this song book, in 1941, and it has been in circulation ever since.

Bruce is one of those card players who thinks that pinhole is a better game than bridge, and that a little pinhole works well on a bridge hand too.

That's right, and the first thing that caught his eye was the queen of spades — so he immediately thought for the joker of diamonds. That's right, and the second time he ends it with a song that is becoming quite popular now, "It's a Wonderful World."

And poor Mother is left out on the cold shoulder. They love her, but they don't want to be bothered with her. They are too much takes up with their own interests.

And mark this: The only solution of the mother-in-law problem, which causes more tears and family quarrels than any other, is to get rid of her. It is for Mother to get married and set up her own home and husband. Foolish, indeed, are the children after such a cynical Mother's marriage.

ANSWER: This pattern, easy to use, simple to sew, is tested for fit. It has complete instructions.

Send twenty-five cents, also in coin, to Esquire Men's Wear, 1000 Jasper Avenue, Edmonton, Alta., Canada, for this pattern. Print plainly after name, address, size number.

Address to: Anna Adams, care of The Esquire Building, 1000 Jasper Avenue, Edmonton, Alta., Canada.

Please allow a week or ten days for delivery.

Patent-protected patterns. They are from there to there—really!—and are so new. These little cap sleeves are wonderful on a sun dress, dress or blouse.

Patent No. 490,000, issued in Jr. Blouse sizes 12, 14, 16, 18. Size 13 takes 2½ yards of woven fabric.

Double Ring Wedding Held Here Recently

In a recent double-ring ceremony at St. Anthony's Pro-Cathedral, Helena Margaret Crowe and William Victor McKinney pledged marriage vows. Rev. Father C. J. Foran officiated.

The bride is the daughter of Mr. and Mrs. A. J. Crowe of Edmonton and the bridegroom is the son of Mr. and Mrs. C. A. McKinney of Grande Prairie.

Wedding rings, roses, carnations and lilies provided a floral atmosphere in the church for the occasion.

Given in marriage by her father, the bride chose an ice blue crepe model with which she wore white accessories. Her bouquet of white gardenias and stephanotis.

John A. McKinney attended his brother's best man and usher was Fred Crowe and Robert Turnbull.

Rev. Father Leo Gruenwald officiated at the wedding service.

A reception was held at the home of the bride's parents who had the honor of being the hosts. The table which was decorated with pink roses and bouquets of orange carnations.

The bride's mother chose a floral silk print dress and wore with great grace accessories and a corsage of white gardenias.

Mrs. McKinney were a grey silk model and a corsage of red roses. Miss Adelita McMillage and Mrs. J. A. Crowe assisted at the reception.

Father Foran proposed the bridal kiss.

The couple left for Banff to spend a couple of days before taking up residence in Grande Prairie.

For a trip the bride changed to a grey gabardine suit with matching topcoat and contrasting accessories.

Out-of-town guests included the bridegroom's parents and brother, all of Grande Prairie.

Norma Younker Pledges Vows

HANNAH, June 10.—Norma Alice Younker became the bride of Emil Glubrecht in a ceremony at Re-deemer Lutheran Church here.

The bride is the daughter of Mr. and Mrs. Younker. Her attendants were Sylvia Younker and Emma Glubrecht.

The bridal couple left for a honeymoon in the mountains, immediately following the ceremony.

Alex WA Welcomes 14 New Members

Final Meeting Held by Hospital Women's Association at Residence

Fifteen new members have been welcomed to the WA of the Royal Alexandra hospital.

This was announced by Mrs. W. W. Eadie, membership chairman at the final meeting of the season held in the nurses' residence.

Mrs. E. M. Tidwell was welcomed as a new member. Additions made to the memorial sun room were reported by Mrs. J. Bartleman who stated that she had purchased an octagonal sun room in the church patients' ward.

Mrs. John Steele Smith reported that \$34.40 had been taken in the collection box at the Hudson Bay Co. store by members during the cancer drive. She also reported on sick members.

The news were reported by Mrs. M. D. Darling, while Mrs. J. C. Sheremeta reported on children's wards. She stated that a play cart was purchased for children's toys so that they may keep in order.

WA HISTORY PROGRESSES

Mrs. W. McCall reported on the progress made in the library in bearing the name of the WA. This is being done in connection with the 50th anniversary to be observed in 1950.

The meeting will be held Sept. 25 in the nurses' home to celebrate the occasion and Mrs. P. A. Rooney was present.

Work being done with chronic patients was reported by Mrs. Roy Lamberton. She stated that she had distributed tobacco, cigarettes, fruit and candy, and that donations from friends had been received.

Attendance at the annual Picnic was donated by Mrs. John Oliver was given in the church annex. Mrs. Oliver presided at the meeting.

RECEPTION AT CORONA

Following the ceremony a reception and wedding dinner were held at the Corona hotel. The bride's mother and the bridegroom's mother, Miss Olsen, received with the usual cordiality.

Mrs. Esslinger was a grey after-dinner dress with a corsage of pink carnations. Miss Olsen also wore a grey ensemble with pink carnations.

During the dinner Rev. Tarrou spoke briefly, and the toast to the bride was proposed by Rev. Rob. Hobson. Mrs. W. R. Robinson was present.

After an extended honeymoon in Yellowknife National Park, Mr. and Mrs. Olsen will reside at Fort McMurray.

Attending the bridegroom were Lester Hamren and David Esslinger, and the guests were ushered by Merlin Folk and Dewey Holt.

Hilda Esslinger Becomes Bride of Robert H. Olsen

Spring flowers and ferns decorated the South Side Church of the Nazarene for the recent wedding of Miss Hilda Esslinger of Edmonton and Robert H. Olsen, of Fernie, B.C.

The bride is the daughter of Mr. and Mrs. D. Esslinger of Bruce, and the bridegroom is the youngest son of J. P. Olsen, and the late Mrs. Olsen of Fernie.

Officiating minister was Rev. W. R. Robinson, assisted by Rev. J. Thorson.

The bride, who was given in marriage by her father, wore a train-length veil of white satin overdraped with lace. Her embroidered train-length veil fell gracefully from a matching white satin coronet. She carried Tallman roses centered with a white gerbera daisy.

Preceding the bride down the aisle were Miss Frieda Esslinger, maid of honor, and Miss Lorraine Gilles, bridesmaid. They were frocked in pale green and mauve frosted organza, with matching hats. Both carried colorful bouquets of pink carnations.

During the dinner Rev. Tarrou spoke briefly, and the toast to the bride was proposed by Rev. Rob. Hobson. Mrs. W. R. Robinson was present.

After an extended honeymoon in Yellowknife National Park, Mr. and Mrs. Olsen will reside at Fort McMurray.

Attending the bridegroom were Lester Hamren and David Esslinger, and the guests were ushered by Merlin Folk and Dewey Holt.

Fay Meredith Is Wed At Highlands United Church

Spring flowers decorated Highlands United Church recently for the marriage of Vivian Frances (Fay) Meredith and Thomas Holland.

Snapdragons, gladioli, lilies and Easter lilies decorated the altar. The bride and groom were dressed in white with white tulips marking the guest pew.

The bride is the daughter of Mr. and Mrs. Jack McDonald, the son of the Mrs. S. J. Holland, and the late Mr. Holland, all of Edmonton.

Rev. T. G. McElroy performed the ceremony in which the bride was given in marriage by her father, BRIDE CHOSE SATIN

Heavy white satin fabrics the bride's gown was styled with an off-the-shoulder neckline and a sash trimmed with sequins and seed pearls. Her floor-length veil of embroidered lace was gathered to the waist. The bride and her carried a cascade bouquet of deep red roses.

Attending the bride was Miss McDonald, Mrs. McDonald, Goodland, with the senior vice-president, Mrs. E. Jones, in the chair.

Mrs. C. Crofts reported calling on blind patients and has made plans to have a party for the blind.

Treasurer's report was given by Mrs. B. L. Robinson, and the Empire study bulletin was conducted by Mrs. D. G. McNeil.

Mrs. G. Roberts Leads Devotional

Devotional service was led by Mrs. G. Roberts at the June meeting of the Woodlawn United Church.

Rev. E. H. Birdall performed the ceremony in which the bride was given in marriage by her father, J. H. Bready.

For her wedding, the bride chose a suit of skipper blue gabardine and roses comprised her corsage.

Assisting the bride were Mrs. S. W. Bready, Mrs. W. McCartney, Mrs. G. Campbell, and Mrs. D. Campbell.

Mrs. Bready chose a grey satin frock with navy hat and gray accessories. Both wore corsages of pink roses.

After a honeymoon trip, Mrs. and Mrs. Bready will make their home in Edmonton. For traveling, the bride wore a grey short coat over her wedding ensemble.

Ducks and Geese Fly In a 'V' Formation

Dear Tawasi:

If you've ever watched a large number of ducks or geese flying high in the sky you will have noticed they fly in a V pattern.

Do you know why this is?

There is another reason for the V formation. Ducks and geese migrate by stages pausing to feed for a few hours or sometimes for days. When the leader is first in the lead he flies a long way up on the sky the leader can see several miles away. If he sees danger he may be an older bird and therefore will know the signs of an arrow or a hawk.

Now one bird leaves the formation until the leader has flown round several times, lower and lower. If there is no danger he might be slight on the water and the others follow him.

Something else that is very interesting about the V formation is when a duck's back is turned. You may know that Mother or Dad says "It's like water off a duck's back" meaning something is easy to do.

But water really does run off a duck's back. You may know that Mother or Dad says "It's like water off a duck's back" meaning something is easy to do.

The duck enjoys a cold bath as much as any other animal. He is part of summer. Under his skin there is always enough oil to keep her warm and her feathers dry. Ducks never grumble about the cold.

Sincerely,

Jean Walker

Ann Gauthier

Ann Gauthier, who has taught many girls piano lessons, is now teaching piano lessons to the children of Leona, has fun embroidery.

Many happy returns go to Marjorie Crawford, 12009 93 Street, who celebrates her 12th birthday today. Marjorie goes to Delton school where she is in grade five. Like many other girls her age she likes to play cards, especially during recess. New big game she plays is cards. Her hobbies are golf and tennis.

Marjorie Crawford loves golf because she doesn't want to walk to a restaurant for a cup of coffee.

Laziest Man

EDMONTON — New Holland's a car bus because he didn't want to walk to a restaurant for a cup of coffee.

WE CAN FURNISH COMPLETE

THE INDIANS still prefer bright colors and J. B. Kramer, merchant at Hobbema, has just what his young customer wants. Mr. Kramer has traded with the Indians for years, sees many changes in their habits.

The Indians Are Coming Means Hobbema Business

HOBBE MA, June 10.—When anybody says the Indians are coming, J. B. Kramer gets ready for action—behind the cash register.

Mr. Kramer is a trader, and so was his father before him.

But the Indians have changed since 1903 when the elder Kramer, Jacob by name, homesteaded at Hobbema, 50 miles south of Edmonton.

That was six years before some Indian tribes had surrendered for the village site, and the same year before the first white settlers came.

INDIAN TOP MAN

But the Indian is still top man in Hobbema. Ninety per cent of his customers come from his home town. The Indians have been trading here for some time now.

The Kramer's have noticed changes attribute chiefly to new generations with book learning in the family.

"Ask an Indian today when it is going to rain and he'll say to me, 'I know when it is going to rain because he knows and he'll say he is going to rain on the radio.'

And the Indians eat both potatoes, which Mr. Kramer said was unusual for a few years ago.

They also like peanuts and popcorn.

DON'T WANT SERVICE

And they are patient shoppers. They don't want service.

You can't hire a person to judge him how he knows, and he'll say he is going to rain on the radio."

And the Indians eat both potatoes, which Mr. Kramer said was unusual for a few years ago.

They also like peanuts and popcorn.

It was Mr. Kramer's opinion the Indian was a good customer when he bought his credit.

But he couldn't get it paid up in time.

His relations were good but he had to progress to the point where he realized he only makes a living by selling what goes on the credit, Kramer said.

He likes quality but colorful prints are still the best sellers. When he wants something he sells with it.

Kramer said he had quite a run on a certain brand of packages.

When he couldn't get it packaged, he bought the same brand in bulk.

But he couldn't sell it.

The Indians wanted their tea in the right bag.

Years ago the Indians smoked

SMOKY LAKE

Graduation

SMOKY LAKE, June 10.—Graduates of the local schools, Specified, Villa, Bella Vista, Westacutau and Smoky Lake high schools attended the banquet sponsored by students of the A. L. Daimes school here. R. J. Daimes acted as toastmaster.

A. L. Daimes spoke behalf

of the department of education,

and N. Skusa also addressed the graduates.

Contributions to the trusts were made by Waylon Clark, Evelyn Clarke, Eddie Wolansky, Rev. S. Wensley, and Ukrainian.

J. J. Daimes, son of the students and F. Twedel gave the valedictory. Lucy Seneyah outlined class history.

Esther Box Special

ESTHER, June 10.—Esther community will sponsor box social and dance in Esther June 10. The fund will go toward maintenance and repair of the hall.

plug or Irish twist tobacco. Now he grinned. "They used to all switch from the 'smoke' to the 'tobacco' when we were young," he said. "They used to rehash hard, teeth breaking candies the kids like at Christmas. Now they buy chocolate." Mr. Kramer knew what he was talking about.

The Indians have changed since 1903 when the elder Kramer, Jacob by name, homesteaded at Hobbema, 50 miles south of Edmonton.

That was six years before some Indian tribes had surrendered for the village site, and the same year before the first white settlers came.

The Kramer's have noticed changes attribute chiefly to new generations with book learning in the family.

STILL HOLD SUNDANCE

The Indians may take his weather forecast from the radio, but he still holds his own forecast when he is home. Mr. Kramer thought he'd known what would happen but didn't expect it to come in another 10 years.

"If they ever strike oil around here I don't know what they do," he said. "I know there are business associates include those running three other stores, a garage and poolroom."

"The poolroom is a great thing," he said. "It's a great place to make money."

But the old men feel they can make rain with a sun dance," he said, "and it is also a means of expressing gratitude to the Great Spirit for their favors, fat ponies and lots of food."

The old men feel they can make rain with a sun dance," he said, "and it is also a means of expressing gratitude to the Great Spirit for their favors, fat ponies and lots of food."

"But it is also a bit of a picnic where they sit around the campfire and play poker," he smiled. "When they import a merry-go-round, I figure it is over."

Waterworks Nears Finish

PEACE RIVER, June 10—Peace River is on the last lap of its waterworks system.

Contractors are completing trenching near the service barracks where work was suspended a year ago.

In the meantime, a pipe was laid under both Peace creek and Hart river. The reservoir was completed last year.

It is hoped system will be completed by fall.

The work was instituted Sunday, May 10, by President Mrs. J. J. Thompson of Salt Lake City, who are in charge of the Peace River District, and Elder Elmer Heward, Salt Lake City, who are stationed at Grande Prairie.

Honor Scout Leader

VERMILLION, June 10—Scout master R. G. Ross and assistant master C. T. Heeber received certificates of appreciation for services as scouts and cubs at a gathering in the scout hall.

The gathering wound up training for the seat and A. L. Cooper expressed gratitude of the par-

TRAVELLER REACHES 90

HANNA, June 10—Rex Crawford, who recently celebrated his 90th birthday, is a guest of the family of Mr. and Mrs. Bert Tushar.

Mr. Crawford made his home in Hanna for many years and since has been visiting various members of his family.

The old man feel they can

make rain with a sun dance," he said, "and it is also a means of expressing gratitude to the Great Spirit for their favors, fat ponies and lots of food."

"But it is also a bit of a picnic where they sit around the campfire and play poker," he smiled. "When they import a merry-go-round, I figure it is over."

At a meeting here June 8, the boards of 10 committees were reorganized and a meeting which passed a resolution forwarded to Premier Manning. J. Christianian, chairman of the Bismarck highway committee, attended.

Masons Elect At Vermilion

VERMILLION, June 10—G. S. Maxwell was elected worshipful master of Vermillion Masonic Lodge at a meeting on Tuesday.

Other officers are J. Adamson, secretary; W. E. Johnson, warden; F. Walker, treasurer; H. J. Payne, secretary, and George Johnson, recording keeper.

Joint installation of officers for Vermillion, Hope, Kinsley and Killdeer lodges will be held in Vermillion Masonic temple on June 24.

Vermillion Minister To Dawson Creek

Other officers are J. Adamson, secretary; W. E. Johnson, warden; F. Walker, treasurer; H. J. Payne, secretary, and George Johnson, recording keeper.

Joint installation of officers for Vermillion, Hope, Kinsley and Killdeer lodges will be held in Vermillion Masonic temple on June 24.

At a meeting of the Masonic Lodge here, Mr. Johnson was presented with a silver tray. He had been lodge chaplain for five years.

Trappers, Traders Tramp To Peace River Hospital

PEACE RIVER, June 10 — A permit issued so Dr. Kratz may practice, if the two years Canadian insurance is observed, will be issued to him in the territory where they are needed.

Dr. Kratz, who graduated in Germany, practiced in Germany and the United States for 14 years.

New hospital was dedicated yesterday after Dr. Babbie Rooster cut a silk ribbon across the doorway.

Speakers included Dr. Stone, native boy and girl who are at the institution.

All praised the work of Dr. Hammar who is in sanatorium as a result of his unusual attention to him in the years he was taken him through bush and muskeg, dog team and on horseback.

Appreciation was also expressed for the work of Dr. J. P. McCall, in charge of the mission, who worked for two years to help complete the hospital project.

Native sketches were presented by native boys and girls who are at the institution.

Quits Using Laxatives

Man now regular as day with famous cereal

Sick of doctor's prescriptions for constipation? Try *Yellow Label*. Then read this unsolicited letter:

"For years I have suffered from constipation. I was my bogey and hunch back. I was always the last thing worse. I was told to take a laxative. ALL-BRAN

every day. I began to feel better.

Now my bowels are as draughtless as lightning.

Please read the letter, it may help others." A. M. C. Little, 111 St. S. Middle, Ontario.

Constituted to lack of bulk in your diet! You may find natural relief without strong remedies. Try *KELLOGG'S ALL-BRAN*, *WHEAT-BRAN*, *WHEAT-BRAN FLAKES*, *WHEAT-BRAN COCONUT*, *WHEAT-BRAN BISCUITS*, *WHEAT-BRAN BISCUITS*.

Each box contains 1 lb. of bran.

For details write to *KELLOGG'S*, Battle Creek, Michigan.

OIL

Anglo-Home Offsets Click

By Don Flack

Anglo-Home's offsets to their No. 3 well between the Leduc and Woodbend fields have both found oil in the D2 zone. The No. 4 well tested the interval from 4,013 to 4,955 feet and got a gas flow of more than 200,000 cubic feet daily at 1,300 feet of oil and gas. The gas was flowing from 4,853 to 4,955 feet brought oil to the surface in 15 minutes and a gas flow rated at 900,000 cubic feet daily.

No. 5, one half mile west of No. 4 and on the opposite side of No. 3 tested from 4,000 to 4,950 feet and got an oil flow to 4,900 feet and got an oil flow to the surface in 15 minutes after the test was opened. A gas flow of the rate of 1,000,000 cubic feet per day accomplished the oil.

Anglo-Home Woodbend No. 2 is drilling at 6,657. This well is nearly 10 miles northwest of the No. 2 well. CALMONT 4 SHUT IN

Calmont-Calnott No. 4, which between seven and eight barrels per minute at 1,180 feet in the D2 ceased flowing Wednesday afternoon and is now shut in to build up pressure and clear out the well.

British American-Hudson's Bay No. 23 in the Redwater field is drilling at 2,000 and No. 3-20,000 feet has been spudded. The well is currently waiting on cement. B. A. Leach Leases Mels No. 1 in the Leduc field in the D2 and has run casing to 4,141 feet. Plans are to drill to 4,811 feet. A new network of pipelines will be required to get the crude oil on the section. The well should be drilled to the Viking Sand at about 2,000 feet. Royalty Texaco will be paid tomorrow and completion will be next week.

TO DRILL GAS WELL

Royalty No. 6 in the Redwater field is presently drilling at 2,670 feet. The company plans to drill a gas well without a producer's site available for its first gas production on the section. The well should be drilled to the Viking Sand at about 2,000 feet. Royalty Texaco in these directions.

Electric Energy Production Soars

OTTAWA, June 10.—(CP)—April output of electric energy by Canada's central power stations totalled 4,150,240,000 kilowatt hours—an all-time high—the Bureau of Statistics reported yesterday.

The figure is up 27.7%

in April and brought pro-

duction for the first four months

of the year to 16,500,000,000 kilo-

watt hours, compared with 13,623,-

022,000 in the similar period of

1948.

April production by provinces

with totals for April last year in brackets included: British Colum-

bia, 1,200,000,000; Quebec, 1,860,-

872,000; Ontario, 10,040,000; Sas-

katchewan, 70,040,000; (42,992,000;

Alberta, 59,700,000; (55,533,000).

Samson No. 1 near Wetaskiwin is

drilling at 3,630 feet and Samson No. 1, about 1,040 feet west of Edmonton is pres-

ently drilling at 6,667 feet.

Redwater leases held by Anglo-Home are still drilling in the green shale at 4,832 feet.

B. A. BUILDING LINE

Plans for the construction of a pipeline from Redwater oilfield by British American Oil Company have been announced by H. C. Hartman, manager of the company, who helped that grain, and an advance in grain prices plus more advanced rail rates, caused a southward apre-

ture of wheat to the market.

Action of wheat did not aid corn and oats. Corn slumped light and early, while wheat headed up again, gaining purchase of more than 100,000 bushels of cash corn on a two-day basis.

It was second, straight days

of resistance, followed by a

sharp drop in heavy country cash grain offerings.

Wheat activity increased as

prices fractions to as much as

the direction was not al-

ways clear, starting upward.

In the last half-hour or so

a little resistance developed.

Grain trading was

quiet, but soybeans were

lower to higher.
